Work Experience

Caerwyn Jones Accounting Firm, Shrewsbury, UK

July 2018

Summer Work Experience, Shadowing Senior Accountant

- Spent time observing the daily work that takes place in an accountancy firm - greatly increased my knowledge and understanding of an office work environment and how accounting firms operate.
- Given the opportunity to have conversations with senior accountants, as well as observe discussions between the accountants and clients.
- Developed skills about how to interact with clients and convey complex information clearly.

Positions of Responsibility

Politics and Economics Society, Concord College

Member

- Was part of the team which helped market the society to help it grow to become the largest academic society in the school.
- Weekly discussions would be about recent events around the world in politics and economics, two key points of discussions were about Brexit and the US 2016 election.
- Took advantage of the opportunity to voice political opinions which helped develop public speaking and debating skills – as well as needing to listen and consider ideas I disagree with

Technology – [Github Page](#)

RStudio

- Created a project forecasting a data set using Meta Prophet in R Markdown
